

## RATES

**\$75/hour : (day/weekly rate by negotiation)**

### Web Page Rate:

**\$100\*** per basic page – html v.4, 1 or 2 images, no JavaScript.

**\$200\*** per standard page – html v.4, 3 to 6 images (plus single standard image-swaps).

**\$300\*** per medium page – html v.4, 7 to 12 images (plus single standard image-swaps), up to 4 extra image swaps, basic JavaScript.

Note: advanced CSS counts as 1 page.

**\$500\*** per complex page – html v.4, 7 to 12 images (plus single image-swaps), up to 4 extra image swaps, JavaScript, complex table.

Note: Form counts as 1 complex page

### \* Additional points below apply to all page rates:

- Includes upload and test
- Scanning, deep-etch, photography and image manipulation is extra.
- Text content must be supplied in digital format, edited and spell checked else copywriting and editing fees will apply. Responsibility for proof reading lies with the client unless previously negotiated.
- Additional content (text/images) or changes to the design brief supplied after commencement of web development, or exceeding the page rate estimation may incur additional charges or a different page rate. Additions after the determined completion date will be charged as a new job. It is advisable to pre-plan your content accordingly.

### Design and Consultation ∞
